More Than Enough

*"Now unto him that is able to do exceeding abundantly above all that we ask or think,
according to the power that worketh in us" (Ephesians 3:20, KJV)*

We are so excited about seeing you later this month, especially as we have the opportunity to gather at the Heart 2 Heart luncheon. We truly believe that God has ordained this moment together.

The message we seek to communicate is that God not only provides, but He multiplies. Herein, we will highlight His faithfulness as *El Shaddai* (All-Sufficient), *Jehovah Rapha* (Our Healer), *Jehovah Roi* (Our Shepherd), and *Jehovah Jireh* (Our Provider).

In preparing our hearts to gather, we declare God as *Jehovah Shammah* (The Lord is There). Yes, He will meet with us.

We will look behind us and see His hand of guidance and provision.

In the moment, we will take comfort in His presence.

In all of our tomorrows, we will trust Him
because we have discovered God is Who He says He is.

He is *El Shaddai*, God Almighty, the God of Enough.
Actually, He's MORE THAN ENOUGH.

Jireh

Forever enough
Always enough
More than enough

If He dresses the lilies
with beauty and splendor,
how much more will He clothe you?

If He watches over every sparrow,
how much more does He love you?

More than you ask, think or imagine,
according to His power.

It's working in us.
It's more than enough.

So I will be content in every circumstance.
Jireh, You are enough.

I read a story recently about a small farming community that was experiencing a devastating drought. Crops in the field were dying and farmers were gravely concerned. A local pastor felt led to gather the community that they might spend time agreeing in faith for rain. As the prayer meeting began, the pastor noticed a young child standing near the altar. She was beaming, and held in her hand an umbrella. Initially, he wondered why she had an umbrella in the middle of a drought. However, he soon understood her action as a statement of faith. After all, if they were at a prayer meeting asking God for rain, and they believed in the power of prayer, then it made sense to show up with an umbrella.

Conviction overcame the pastor. He felt embarrassed that he had not shown up with his own umbrella. The child's innocence warmed his heart as he realized her belief in the power of prayer. Her actions showed that she obviously expected something to happen. She may not have been able to predict when rain would come, but in her heart she had hope and trust that God was about to turn things around.

*At the Heart 2 Heart luncheon you will see umbrellas—everywhere.
It's our statement of faith that God will show up and act on your behalf.*
