Elementary Classroom Environment Request Forms

We value your input as we prayerfully prepare classroom placements for the upcoming school year. Please understand that many factors are carefully considered when creating class lists, including academic and social needs, overall class size, and male/female balance. These decisions are made collaboratively by our FBA PK/Elementary team with the goal of providing the best possible learning environment for each child.

If you would like to submit a Classroom Environment Request Form, please email Holley Holland at hholland@fbalions.org. Mrs. Holland will provide you with the form to complete. Completed forms must be returned by May 8, 2026. After this date, forms cannot be accepted as class lists will begin to be finalized.

Important Details:

- Specific teacher requests (via email, letter, or verbal communication) will not be considered. The form asks for specific needs of your child that relate to learning environments in which they thrive. Please do not include teacher names on the request form.
- A separate form must be completed for each child if submitting requests for multiple students.
- As enrollment may change prior to the start of school, classroom placements could be adjusted to accommodate shifts in class size.
- Final placement decisions are made by the principal. Each class list is thoughtfully and prayerfully developed by our staff, and we invite you to join us in praying over these placements.
- Final classroom placements will be shared in August.

Thank you for your partnership and support as we prepare for a wonderful school year!

Moments That Shape Us

As we reflect on this week, we are reminded that the moments we celebrate—on the field and on the stage—are the result of consistent effort, teamwork, and perseverance.

From a championship win on the baseball field to a beautiful performance at our Spring Concert, we see students using their God-given gifts to compete, create, and grow.

These experiences are more than accomplishments; they are building blocks in who our students are becoming as they learn to pursue excellence in all they do.

**Serving Christ. Shaping Minds.
Sending Leaders.**
