

## Grace Community Phase 2—Telling The Next Generation

Over the past year we have sensed God leading us to build a dedicated 8,000 SF addition that could be used as a children's space, youth space, and fellowship hall for generations to come.

Our prayer for this project is bigger than a building. It's about the child who hasn't walked through our doors yet... the family that hasn't found us yet... the student who hasn't heard the Gospel yet...and the generations that will come after us. That's why we're launching **TELL THEM — A Generational Gospel Initiative**.

Together, we're pursuing a \$250,000 campaign goal to help create approximately 8,000 square feet of classroom and ministry space. Our calling is clear: "We will tell the next generation the praiseworthy deeds of the Lord." — Psalm 78:4.

### Conceptual Budget & Building Fund

The overall cost of the project is estimated to be \$2.25 million, and the church has been approved to finance \$2 million for the project.

|                      |             |
|----------------------|-------------|
| Direct costs         | \$2 million |
| (\$250/sf * 8,000sf) |             |
| Archit/eng/studies   | \$100,000   |
| Sewer:               | \$60,000    |
| Impact Fees          | \$60,000    |
| Other misc costs     | \$30,000    |

**Will you consider praying for and giving to support this project?**
