

Day 2 — Leadership with Gentleness

Scripture

Ephesians 6:4

Reflection

Christian leadership is marked by gentleness. Gentleness does not mean weakness; it means strength under control. Jesus was firm, truthful, and authoritative yet always gentle. In families and relationships, leadership must be exercised with patience and care. High expectations and loving correction can exist alongside grace and compassion.

Illustration

A strong hand can steady a child crossing the street without squeezing too tightly. Gentleness guides without harming.

Application

- Where might your tone or approach need more gentleness?
- How can you lead with both conviction and compassion?

Prayer

Jesus, help me reflect Your gentleness in the way I lead and correct others. May my strength always be guided by love. Amen.
