

## **Imitating God**

### **Scripture**

Ephesians 5:1

### **Reflection**

Imitating God is not about mimicry but reflection. When we walk in love, grace, and forgiveness, we reflect God's character to a watching world. Our daily conduct matters because it points others to Him.

### **Illustration**

A mirror does not create light; it reflects it. Believers shine by reflecting the character of God.

### **Application**

- How can your actions today reflect God's love more clearly?
- Who might God be drawing to Himself through your example?

### **Prayer**

God, help my life reflect Your character. May others see You through the way I live and love.  
Amen.
