

## **Day 2, Robbing God (Malachi 3:8–9)**

### Reflection

The people were robbing God in tithes and offerings. This was not merely financial mismanagement; it was a heart issue. Withholding revealed misplaced priorities and limited trust.

God does not need our money; He desires our hearts. Generosity becomes a visible expression of surrender. When our hearts are centered on God, we freely give of our time, resources, and service.

### Illustration

Where your treasure is stored reveals what you truly value. Do we tightly hold on to our treasure, or do we freely turn it over to God for His use?

### Application

Does your giving reflect trust in God or fear of loss?

Ask the Lord to align your heart fully with His purposes.
