

Day 2 — The Stumbling Stone

Reflection

Jesus is both the cornerstone and a stumbling block. Those who reject Him often do so because they resist the truth of God's Word. The issue is not a lack of evidence, but a lack of obedience.

Illustration

A person can trip over something that is clearly visible if they refuse to pay attention. The problem is not the object. It is their unwillingness to see it.

Application

Are there areas in your life where you resist God's truth? Ask the Lord to reveal any place where you are choosing your way over His.

Prayer

Lord, remove any pride or resistance in my heart. Help me to walk in obedience to Your Word.
