

Remember What God Has Done

Scripture

Habakkuk 3:16

Reflection

Habakkuk knew that difficult days were coming. His body trembled as he considered what lay ahead. Yet he was able to wait patiently because his faith was grounded in what he knew about God.

Our faith grows stronger when we remember God's faithfulness. Scripture reminds us of the many times God delivered, sustained, corrected, and provided for His people. We can also look back over our own lives and remember prayers God has answered, needs He has met, and difficult seasons through which He has carried us.

The future may be uncertain, but God's character is not.

Illustration

When hikers mark a trail, they leave signs that help those who come behind them know they are still on the right path. In the same way, memories of God's faithfulness become markers along our spiritual journey. They remind us that God has brought us this far and will remain faithful.

Application

Write down three specific times when God provided for you, answered a prayer, or carried you through a difficult situation. Let those memories strengthen your trust in Him today.

Prayer

Father, thank You for Your faithfulness throughout my life. Help me remember what You have done whenever I become afraid of what lies ahead. Strengthen my faith through the testimony of Your goodness. Amen.
