**October 2020**

Dear Pastor and Church,

In May, 1,299 of 2,444 inmates tested positive for the coronavirus at a privately run prison here in Tennessee. This outbreak shows the capability of this virus to spread quickly through the nation's prisons. You can understand why all the prisons are closed to all volunteer ministries for now.

We are working on getting to preach in some county jails. One of our men has already began to go into some county jails in Alabama. He has had 47 inmates that have professed salvation in the Lord, and I am planning on going to help him in that jail. Our Sheriff here where I live, is working on letting us preach through the fence to the inmates in the yard. We have had 10 inmates get saved in a county jail in Mississippi in this same way. So, we are trying to keep the prison ministry active during these difficult times.

At the present time, we have the Bible College operating unhindered, there is (approximately 4,000 students) enrolled.

### **Inmate Testimony**

There is so much to soak up in these studies I sometimes feel overwhelmed. I just thought I knew God's Word, but each study is showing me I don't know anything. I will definitely have to go back over these studies a few more times. I'm very impressed with them, and I'm learning so much I don't know where to begin.

Thank you for your prayers and support,

Brother David Epps
