'and the prisoners heard them.'
ACTS 16:25

Dear Pastor and Church,

We have had one hundred and six inmates to profess salvation in the last three months. Some of our men go to prisons in Ohio, FL, SC, TN, GA, AL, KY, VA, MO, MS, this is (106 total). Gulf Coast Prison Bible College is the only Bible College that has ever been in America's prison system that offers a degree up to the Doctorate level, free of charge to the inmates. This is the same school I went to. There are 70 Bible institutes in 35 states with 3000 students.

Prisoner Testimony on back

Prisoner Testimony

My name is Jesse B. and I am in the Field Minister program at Santa Rosa Prison. We are here primarily to minister to the men who are on Close Management by sharing with them the gospel of Jesus Christ. In 2004, I earned my Bachelor's degree from Prison Bible School, a ministry of Gulf Coast Prison Ministries.

I was blessed to be a part of their first class which graduated in 2007. The program continues on at Hardee and is in its 21st year. I cannot tell you how many men have graduated throughout the years. As a new believer at the time, I can testify as to how much I learned through their college. I have been locked up for 26 years and have done many Bible-based studies over the years, but I tell you truly that P.B.S. surpasses them all. I learned so much about the Bible and Bible doctrines and am so thankful for the opportunity that you all made available to me. Many lives have been changed through your ministry. I truly believe that God is building an army within the fences and walls of prisons across this nation. Thank you for all that you have given to me freely but more importantly, thank you for all the work that you have done and continue to do for the equipping of the saints who are all but forgotten to society. Men who were once outcasts are now men of God.
