

COFFEY FAMILY

Church Planters to South Africa

We are in the middle of our Summer Teen Camp, also known as Christmas Camp, and we are so thankful to have Dan and Amy Brooks with us this week helping lead the camp. They serve with Camps Abroad and The Wilds in Brevard, North Carolina. Dan and Amy were here for our very first camp in December 2018 to help us launch Camp Rhino, and it has been a tremendous blessing to have them back—both to speak to our campers and to help us evaluate how we can continue improving our camps.

We are always evaluating how we can use this ministry more effectively to help people know Christ and to better assist our local churches here in South Africa. If you would ever like to come and be a part of our camps, we would love to have you. We especially appreciate it when our supporting churches send representatives to help in both the camp and youth home ministries.

We still need sponsors for several campers for both our teen and junior camps if you are interested in helping. The cost is approximately \$60 per camper. We currently have 88 campers for teen camp and expect over 100 campers for junior camp.

-A Week at Camp, A Chance at Life-

This month, we are also highlighting two more children who still need sponsors at our youth home. I mentioned them in my last prayer letter as well: Lhoza (12) and her younger brother Lulo (4). Both have been part of the Rhino Youth Home for over a year and are now thriving at our Christian school, Bay Baptist Academy.

Prayer Requests & Praise

- Continue praying for the Seniors of Rocklands High School who were here at Camp Rhino for a month. We are doing followup with them and hope to get as many as we can plugged into our team of churches.
- Pray for Lighthouse Baptist Church. We've seen good growth and want it to continue.

Quick Updates & Needs

- Missionaries Tim and Jessica Johnson will be arriving on the field in just a few days after completing their deputation to raise support to serve as full-time missionaries here in South Africa. We are very excited to have them in our city for at least the next year.
- We are in the process of building 3 new apartments for our staff and campers at Camp Rhino and the Rhino Youth Home. \$10,000 was given, which will help us complete the first apartment. We'll need another \$12,000 for the remaining two. Pray we can raise this amount before our summer camp season in December that will enable us have ample space.
- We will also be traveling back to the US for 7 weeks, March 23–May 11, to attend the annual orientation for new missionaries with Vision Baptist Missions. If you would like me to present our ministry or give an update please let me know. During this time, I will also be seeking to raise additional support for our camp and youth home ministries.
