## & The New Life Children's Home

### Greetings from our family and The New Life Children's Home...

It's hard to believe we are already at the end of the first quarter of 2026! We pause to give thanks to God for His faithfulness. He has provided in ways that we could not have imagined, protected our children and staff, supplied every need and opened doors for new ministry and growth. We are deeply grateful for His grace that has sustained us every step of the way. We also want to thank each of you that faithfully support with your prayers and financial giving. We continue to be amazed at how blessed we are to be able to serve as missionaries in Peru, South America, reaching abandoned and orphaned children and sharing the gospel. This is possible because of you!

### New Life Children's Home.

We're always excited to share about the children who get adopted from NLCH and the new children that we take in. Here is a beautiful story of bringing siblings back together! Daniel and Renato have been in our Home for a couple of years now. Just before Christmas we were able to take in their sister, Angie. Our goal is to keep siblings together whenever possible and we are so thankful we were able to reunite them. Now they need a forever family!

Daniel, Renato & Angie

Please keep these children, along with all the others at NLCH, in your prayers...that they may grow deeply in Christ's love, find healing and strength, and have all their needs met. Please also pray for our incredible staff, that do such a wonderful job caring for and teaching all these children. We are certainly blessed to have such a great team of Peruvians to work with and do ministry together. If you are interested in sponsoring a child please contact us at [perumissions@yahoo.com](mailto:perumissions@yahoo.com)

### New Community Kitchen built to serve the needy

In response to a heartfelt request from the local municipality, we recently built another community kitchen in an area with great need. This facility will enable local residents to prepare meals for the vulnerable-especially those with nothing to eat, the elderly, and individuals with disabilities who struggle to provide for themselves or their families. We are grateful for the chance to make a tangible difference in these areas where we take the Gospel. Excitingly, this is also one of the locations where we're looking to plant a new church work-combing practical help with spiritual outreach!

Celebrating 30 years!!

As we reflect on the past quarter, we are especially grateful for a joyful milestone, on March 15th, we celebrated our 30th wedding anniversary! We stand in awe of God's faithfulness through three decades of marriage, family and ministry, and our hearts overflow with thanksgiving for His countless blessings. We're excited for all that the Lord has in store in the years ahead. Thank you for your prayers and support, they mean more to us than we can express. May God richly bless you as we continue this journey together!

### New Bible Studies and Church Plants Underway...

We had our first Bible study in this area in February and it has grown every week. Fellow Missionary Pam Drout is teaching God's Word to these ladies. Please pray for this area that the Lord will bless us with some land to start a new work here. We have been looking at property and are praying the Lord will open up doors for us to either rent or purchase something very soon.

### School is back in session at NLCS!

A new year of learning, growth and fun.
