ACTS 16:25

September 2026

Dear Pastor and Church,

There are 1.9 million people in the Jails and Prisons in the United States. There are 664,000 in local jails, 1,013,500 in state prisons, 156,000 in federal prisons. Average cost is between \$61,000 to \$65,000 per inmate. Annual cost each year is \$80 billion dollars. In California, cost is \$127,800.00 per inmate. In Massachusetts, cost is around \$300,000.00 per inmate. The only thing that can change these men and women is the Lord Jesus Christ.

Inmate Letters

Thank you so much for coming today. You helped me put Jesus in my heart and soul. I desperately need to realize that I have sinned. I need to pay for all the wrong that I have done to people. Thank you for helping me understand and accept Jesus in my life. Dana W.

Today I got saved by the grace of God. I was able to clearly understand and pay attention to the Word of God that was being preached. I felt sincere, honest and transformed in a new light. I do believe with all my heart that Jesus Christ is my Lord and Saviour. I trust that God, a power greater than myself, is able to save me and not myself. Haley S.

Thanks for everything you do, Bro. David Epps
